PIPESTEM. (Hinton News) - Summer weather is setting in, and that means many people are seeking water and other outdoor activities for the whole family. The Adventure Zone, Adventure Lake, Zipline and Splash Pad are all open for the season at Pipestem State Park and Resort. Chief Operating Officer Michael Buechler recently spoke about the activities and what visitors can expect.

According to Buechler, there are multiple unique activities within the Adventure Zone. This list includes laser tag, RC car driving, skeet shooting, 3D archery, axe throwing, and putt-putt golf. However, drones are no longer available. Previously, the Adventure Zone offered drone flying along with RC car driving. Unfortunately, the drones are not returning for the 2023 season.

Each of the activities at Adventure Zone is popular for varying reasons. Every event has a unique and interesting history. Varying levels allow for entertainment for all ages.

For example, axe throwing is a thrilling recreational activity that has gained immense popularity in recent years. It involves participants hurling axes at wooden targets, aiming to hit the bullseye or score points based on accuracy. Safety is paramount, with participants receiving proper instruction and supervision, ensuring a secure environment. Moreover, axe throwing offers a unique way to relieve stress, improve focus, and develop hand-eye coordination.

Putt-putt golf, also known as miniature golf or mini-golf, is a popular recreational activity enjoyed by people of all ages. This scaled-down version

Mercury in your sign, you will social events. People are sensi- communicate successfully with hind-the-scenes issues could create a problem with siblings, relatives or neighbors. Tread carefully. Tonight: Solitude.

CANCER (June 21-July 22)

3★ Postpone financial discussions for another day, because today people are touchy as possessions that they might own. These financial discussions could also include the finances of a group or an organization. Keep a low profile.

everyone today. You will enwith parents, bosses, teachers, VIPs and the police. Quite likely, these difficulties will be public. Others will notice. However, relations with friends and groups are positive. Go with what works. Tonight: You're noticed.

VIRGO (Aug. 23-Sept. 22)

2★ Steer clear of controreligion and racial issues today, because they're too sensitive to discuss. People are touchy and arguments will break out. Meanwhile, someone will listen to you because the Sun and Mercury are at the top of your chart. Think carefully before vou speak. Tonight: Learn.

LIBRA (Sept. 23-Oct. 22)

3★ Postpone discussions about inheritances, insurance tra patient with their kids todisputes or shared property for another day, because you will make poor progress today. People will only fight. Instead, explore travel plans or issues related to higher education, publishing, medicine and the law. Tonight: Check your financ-60

question. People will be ready clear of sensitive topics. You have to know when to hold and when to fold, and today is not the day for these discussions. Tonight: Listen.

SAGITTARIUS (Nov. 22-Dec. 21)

3★ It's a blessing that relations with partners and close versial subjects like politics, friends are warm today, because issues related to your work might be dicey! If you disagree about things with co-workers or fellow students, don't pursue this. Agree to disagree. "A soft answer turneth away wrath, but grievous words stir up anger." Tonight: Work.

CAPRICORN (Dec. 22-Jan 19)

2★ Parents must be exday, because your dealings with them will be challenging. (Some days are like this.) It is what it is. Likewise, romantic discussions will also be challenging. People are emotional and overly sensitive. Keep this in mind. Patience is your best ally. Tonight: Get organized

eryone, including you. Convercounter difficulties, especially to pounce. Therefore, steer sations with partners and close friends are touchy and sensitive today. It's important to recognize how important timing is. Wait for a better day to mention your concerns. Then everyone wins. Tonight: Cocoon.

PISCES (Feb. 19-March 20)

3★ Daily conversations, especially with siblings, relatives and neighbors, might easily lead to arguments and petty retorts. This is because people are quick to feel injured or slighted today. Instead, throw your energy into home repairs, family discussions and making improvements to where you live. This is a safe choice. Tonight: Talk.

ROSSWO

Pipestem Adventure Zone (Continued from Page 1)

of traditional golf focuses on the putting aspect, with players navigating a series of creatively designed holes featuring obstacles, slopes, and other challenges. The objective is to complete each hole in the fewest number of strokes, testing one's accuracy and strategy. The accessibility and lighthearted nature of putt-putt golf make it a beloved pastime for many.

Skeet shooting is a competitive sport that tests participants' accuracy and reflexes using shotguns to hit clay targets, also known as clay pigeons. Originating in the early 20th century, it has grown into an internationally recognized discipline, with events held at the Olympic Games and World Championships. challenging activity. Skeet available to help groups shooting promotes camaraderie, discipline, and respect for firearms, making it an engaging and rewarding pastime for enthusiasts worldwide.

According to Buchler, guides can accommodate essentially any age range when it comes to enjoying various activities. He stated, "For the most part, most of our activities are pretty kid-friendly [up to] grandparents. We can do laser tag for just about all ages. With the skeet shooting and handling firearms and our archery, that's kind of something that tends to be a little bit more of an older age group, but as long as [there is] parental guidance, we're able to accommodate most ages."

with the various events. Buchler noted that the guides are encouraged to engage with the activities when they have time so they are better prepared to aid guests with questions or advice. Some employees even go on their days off to practice in the event of their choice.

Different packages in various price ranges are available for guests based on the experience they want to achieve. This list includes an all-inclusive package, individual activities and more. The fun begins around 9 a.m. daily and begins to close up shop around 6 p.m. The last guided tour begins around 4:30 p.m., and Buchler noted that somein advance, especially for those who want to be sure they are able to participate in a specific event.

When asked about his favorite events, Buchler said, "Well, as far as the Adventure Zone goes, I really like the axe throwing, I think that's really fun. I'm really bad at it, to be completely honest with you. But I have a good time doing that. I think the laser tag is about as cool as it gets. We have this software that is really cool, I think Battle Company is the name of the software, and the guns in the software is really cool. You can change the settings from lasers to shotguns to mini guns."

When talking about what participants should know, Buchler said, "The most important thing is to come with a good attitude and ready to have fun because that's what we offer. We like to say we sell experience and we sell fun here. So all you got to do is show up, be ready for a good

ommends reserving a spot time, and we will make sure that happens. That's the most important thing." In addition to the Adventure Zone, there is also an Adventure Lake, Splash Pad and Zipline experience. The lake has multiple floating additions that participants can use while enjoying the water. Buchler said, "We are always adding new toys and improving every year." For the younger crowd, the Splash Pad is full of water fun and chairs for the adults to relax. Buchler stated that the Splash Pad often gets school groups. Shuttles run regularly from the Splash Pad area to Adventure Lake. Anyone who wants is welcome to walk the trail, but Buchler noted that many prefer the convenience of the shuttle, especially for the trip back up the hill.

The zipline takes riders over the Bluestone. With nine different zips to choose from, there is something for everyone. Many of the zips top 100 to 150 feet high, while zip seven is upwards of 300 feet, and goes right over the water. Buchler stated, "I've done a lot of ziplines, and that's really the only one where I've been that high overtop of water like that. So that's definitely my favorite part of that zipline.

3

According to Buchler, the ziplines are incredibly user-friendly. He noted that for best results, it is best for the rider to be between 100 and 250 pounds, and they can accommodate most ages from there. Buchler said riders under 100 pounds often have a difficult time getting all the way across the zip.

Memories of the past: grass mowing time

Lisa Abshire

(Hinton News) - I have a vivid memory of when I learned to mow grass. We had obtained a new piece of land adjacent to ours, which made it necessary to get a riding mower. I was around nine at the time, so I was surprised when Dad told me to hop on so he could show me how to use the new riding mower. I remember he put it in the lowest possible gear and walked beside the had to tell him I wrecked. mower, talking me through He was more afraid I got cut a corner, and my front how to cut the wheel and hurt than anything else. wheel rolled one way while put on the brakes. Then we moved on to how to disen- pened, he busted out laugh- never forget the look on my gage the blades. This was ing. I remember asking him Dad's face when that hap-

Last week we looked at how we can know Jesus is the Son of God. We considered some of the prophecies. This week we will look at the testimony of John the Baptist and the miracles Christ performed.

Jesus, The Son Of God continued part 2 by David Padfield

The Testimony Of John

While John the Baptist was in the wilderness, the Jews sent priests and Levites to him to find out who he was (John 1:19-34). John confessed he was not the Christ, Elijah, nor "the Prophet" (cf. Deut. 18:18). After the baptism of Christ, John said, "I did not know Him, but He who sent me to baptize with water said to me, 'Upon whom you see the Spirit descending, and remaining on Him, this is He who baptizes with the Holy Spirit. And I have seen and testified that this is the Son of God'" (John 1:33,34). Later, when Christ went up to Jerusalem, He told the Jews, "You have sent to John, and he has bore witness to the truth" (John 5:33).

In his book on the Holy Spirit, brother Ferrell Jenkins makes this observation: "The baptism of Jesus qualified Him in these particulars: 1. 'It was the sources of His own endowment of Power for the endurance of temptation, for teaching, for casting out demons, and healing the sick, for His sufferings and death, for His resurrection and ascension' (ISBE, 1411a). 2. It qualified Him to bestow the Holy Spirit on the disciples (Mt. 3:11; Mk. 1:8; Lk. 3:16; Jn. 20:22; Acts 1:5)." (The Finger Of God, p. 10).

The Miracles He Performed

"Now Jesus went about all Galilee, teaching in their synagogues, preaching the gospel of the kingdom, and healing all kinds of sickness and all kinds of disease among the people. Then His fame went throughout all Syria; and they brought to Him all sick people who were afflicted with various diseases and torments, and those who were demon-possessed, epileptics, and paralytics; and He healed them" (Matt. 4:23,24).

As Jesus visited the 240 towns of Galilee, the caravans passing through the country carried reports of His works into the surrounding regions of "Decapolis, Jerusalem, Judea, and beyond the Jordan" (Matt. 4:25).

Jesus said His miracles were a greater witness to His Divinity than John himself (John 5:31-36). This is because no one in history had ever claimed to be the Messiah and had the ability to perform genuine miracles. The prophets of old were able to perform the miracles, but never claimed to be the Christ. Other men claimed to be the Messiah, but could not perform genuine miracles. While predicting the destruction of Jerusalem, Jesus said that "many will come in my name, saying, 'I am Christ" (Matt. 24:5). Flavius Josephus, a Jewish priest and historian, tells of many individuals who claimed to be the Messiah, including one who had over 30,000 followers (The Wars Of The Jews, 2:3:5).

Continued next week when we will look at the testimony of the Father concerning Christ.

Outdoor grilling safety: Tips to keep your summer barbecues fun and accident-free

Rebecca Stalnaker

OUTDOORS. (Hinton News) - As the warm weather arrives, many people are eager to fire up their grills and enjoy outdoor barbecues with family and friends. However, it's essential to prioritize safety while grilling to prevent accidents and ensure a fun, enjoyable experience for all. Here are some outdoor grilling safety tips to help you make the most of your summer cookouts.

1. Grill location

Set up your grill on a flat, stable surface, away from any structures, overhangs, or flammable materials. Ensure there's at least a 10-foot clearance from your home, garage, or any wooden structures. Keep children and pets at a safe distance from the grill at all times.

2. Inspect your grill before use

Before firing up the grill, check for any damage, wear, or loose connections. Inspect hoses for cracks, holes, or brittleness, and ensure all connections are secure. If you're using a propane grill, check for leaks by applying a soap and water solution to the hose and connections. If bubbles appear, you have a leak that needs to be ad-

3. Keep your grill clean

Regularly clean your grill to prevent grease buildup, which can cause flare-ups and fires. Remove excess grease from the grates and trays below the grill. When cleaning your grill, it is best to avoid using wire brushes. Multiple sources report that such tools can pose a danger if bristles break off and attach to the food cooked on the surface. For charcoal grills, dispose of ashes safely by allowing them to cool completely before placing them in a metal container with a tight-fitting lid. 4. Light your grill safely

For gas grills, always open the lid before lighting to prevent gas buildup. If the grill doesn't ignite within 10 seconds, turn off the gas, wait for five minutes, and try again. For charcoal grills, use a chimney starter or charcoal starter fluid to light the coals. Never use gasoline or other flammable liquids, and never add starter fluid to hot coals. **5. Practice safe grilling**

techniques

Use long-handled utensils to avoid burns and splatters, and wear flame-resistant gloves and aprons. Keep a fire extinguisher nearby in case of fun experince. For more inemergencies. Never leave the formation on grilling safety, grill unattended, and monitor go the NFPA website.

dressed before using the grill. the temperature to prevent flare-ups and overcooking.

6. Safely handle and store propane tanks

Always store propane tanks upright and outdoors, away from direct sunlight. Never store spare tanks under or near the grill or indoors, including in your garage or basement. When transporting propane tanks, secure them in an upright position and avoid leaving them in a hot vehicle for extended periods.

7. Be mindful of food safety

Keep raw and cooked foods separate to avoid cross-contamination. Use a food thermometer to ensure meats are cooked to the proper internal temperature: 145°F for whole cuts of beef, pork, lamb, and veal; 160°F for ground meats; and 165°F for poultry.

According to the National Fire Prevention Association. fire departments across the country responded to an average of 11,421 house fires involving grills, barbecues and hibachis between 2017 and 2021. Using these safety tips will help ensure a safe and

One arrested in Pence Springs area

Rebecca Stalnaker

PENCE SPRINGS, (Hinton News) - Local police responded to a reported overdose in the Pence Springs area on Sunday, June 5. The call ended with Matthew Logan Danberry, 37, of Asbury, in custody.

According to the criminal complaint, An officer arrived and noted a pistol on Danberry's hip. He allegedly told the officer that he had recently purchased the gun from a friend. After speaking with Danberry, the officer reportedly secured the firearm for his safety. Following this procedure, the officer conducted a weapons check. The complaint states that Summers County 911 advised that the gun was reported stolen.

states that the officer arrest- firearm." ed Danberry for possession of his person, that he had Methamphetamine. The officer reportedly located the container that held the alleged Methamphetamine.

According to a release from the Summers County Fentanyl. Sheriff's Office, it was "discovered that Mr. Danberry complaint states the officer been set at \$50,000.

PUBLIC NOTICE OF CHANGE IN RATES WITH PROPOSED EFFECTIVE DATES

NOTICE is hereby given that MONONGAHELA POWER COMPANY and THE POTOMAC EDISON COMPANY, public utilities, have filed with the PUBLIC SERVICE COMMISSION OF WEST VIRGINIA, a tariff containing increased rates, tolls and charges for furnishing electric service to approximately 550,000 customers in northern, central, eastern and northwestern portions of West Virginia in all or portions of the following counties: Barbour, Berkeley, Braxton, Brooke, Calhoun, Clay, Doddridge, Fayette, Gilmer, Grant, Greenbrier, Hampshire, Hancock, Hardy, Harrison, Jackson, Jefferson, Lewis, Marion, Mineral, Monongalia, Monroe, Morgan, Nicholas, Pendleton, Pleasants, Pocahontas, Preston, Randolph, Ritchie, Roane, Summers, Taylor, Tucker, Tyler, Upshur, Webster, Wetzel, Wirt, and Wood.

The proposed increased rates and charges will become effective June 30, 2023 unless otherwise ordered by the Public Service Commission and will produce a \$207,452,687 increase in base rates, which is an increase of approximately 13.0%. The average monthly bill for the various classes of customers will be changed as follows:

Base Rate Increase							
	(\$) INCREASE	(%) INCREASE					
Residential	\$18.07	15.0%					
Commercial	\$55.16	12.5%					
Industrial	\$478.70	9.4%					
Street Lighting	\$155.13	17.2%					

There are no resale customers of Monongahela Power Company and The Potomac Edison Company. The increases shown are based on averages of all customers in the indicated class. Individual customers may receive increases that are greater or lesser than the average shown. Furthermore, the requested rates and charges are only a proposal and are subject to change (increases or decreases) by the Public Service Commission in its review of this filing. Any increase in rates and charges will not become effective until authorized and approved by the Public Service Commission. (If a hearing is scheduled, notice will be given of the time and place of hearing.)

Anyone desiring to protest or intervene should file a written protest or petition to intervene prior to September 30, 2023 unless otherwise modified by Commission order. Failure to timely protest or intervene can affect your rights to protest any rate increases and to participate in future proceedings. All protests or requests to intervene should briefly state the reason for the protest or intervention and refer to Case No 23-0460-E-42T. Requests to intervene must comply with the Commission's rules on intervention. All protests and interventions should be addressed to The Executive Secretary, Public Service Commission of West Virginia, P.O. Box 812, Charleston, West Virginia 25323.

A complete copy of this tariff, as well as a representative of the Company to provide any information requested concerning it, is available to all customers, prospective customers, or their agents at the following offices of the Company: 5001 NASA Blvd., Fairmont, WV 26554.

A copy of this tariff is also available for public inspection at the office of the Executive Secretary of the PUBLIC SERVICE COMMISSION at 201 Brooks Street, Charleston, West Virginia 25301. Monongahela Power Company

A peek into Summers County's past: Clayton Community

The flyer published by Clayton. Photo provided by William Jones

and William Jones CLAYTON, (Hinton News)

Rebecca Stalnaker

piece of Summers County history. To begin with, the community of Clayton, W.Va., has a very unusual history of how it got its name. It received the name of Clayton due to an unusual occurrence that took place on April 9, 1835, at approximately 2:30 a.m. when balloonist Richard Clayton or an aeronaut which they were known as at that time is a traveler in a hot-air balloon, airship or other flying craft." Clayton obtained worldwide fame from the incident that brought his balloon to assistance. Jones said, "In Mr the hills of what would become West Virginia. Jones stated, "Mr. Clayton became world famous when he flew his balloon nine and a half hours from Cincinnati, OH to where he landed unexpectedly in a tree at 2:30 a.m. in the mountains of what was at that time part of Virginia. izing it was 2:30 in the mid-His balloon was called Star of dle of the night, he thought you can see why there more the West. Mr. Clayton man- it useless to go for help until than likely could not have ufactured and sold watches; daybreak. In the morning, he been anything tangible to this he was also a metalsmith and ascended his car as he called it

of Second St. and Sycamore St. in Cincinnati."

At the time of the trip, traveling via balloon was still a relatively new accomplishment, and long-distance travel in a short amount of time with this method was unheard of. Jones noted, "Balloonists at that time were known to be quirky, and quite the entertainers as the craft of flying in a balloon was relatively new and had not been seen by many. He sold tickets to witness the launch that would ultimately bring about the formation of what is now Clayton, W.Va. Tickets were .50 cents at that time or about \$11.50 with today's prices. I can only imagine what a spectacle this must have been! To have justified spending that price for a ticket to see his 50foot balloon take off. When the average salary at that time was only \$1.25 a week."

"Again, he was definitely an entertainer, He took his 20-pound dog with him. After he made it to an altitude of about 1 mile, he tossed the dog out of the basket. But no worries, this had all been well planned out and the dog parachuted safely back to the general vicinity where he first took flight," Jones said. "He makes me think of Mr. Rose, the pharmacist in Hinton I talked about in one of my previous articles. Someone who was not afraid to take any chance, many of them were especially unusual. Not always managing to profit from them and further advance their craft." After landing in the tree, Clayton knew he would need Clayton's personal journal of the event he refers to the basket that he was riding in that was attached to the balloon as 'his car'. He recalls securing the basket in the tree where he landed about 40ft off the ground with a rope and after looking at his watch and real-

Clayton flatware. Photo provided by William Jones

he tells it, 'there was no trace of human footsteps, no mark of change produced by man.' He scouted the mountainous area for hours until he finally came upon someone that took home. David Graham Ballenhim to the home of Joseph Graham for assistance."

Jones went on to say, "It is probably a good thing that he decided to stav in 'his car' for the night as you can only envision being the locals in that community and getting a knock at your door in the middle of the night. Only to have a man say his balloon, or car as he called it, got stuck in a tree as he was attempting to reach the ocean. I like to think they were, at first, skeptical of what most likely came off as a tall tale. Mr. Clayton finally procured the assistance he needed from Mr. Graham for three days while the locals in that area helped search for his balloon. During his stay with Mr. Graham, he had countless visitors from that area. Once they located it they took Ohio River where he boarded a steamboat and once he returned home and they heard him recant his journey he was

treated like a hero." While some may have regarded Clayton as a hero of sorts, many doubted his claim of traveling such a distance in only nine and a half hours. He went on to perform several more unlikely flights.

about this is that a post office was first established on November 3, 1879, under the administration of President Hayes in the Joseph Graham gee became the first postmaster of the newly established post office. It was given the name of Clayton because of the happenings of Richard Clayton 44 years prior. A new post office was erected in 1892. Mr Ballengee was the 10th longest-serving postmaster in US history having served his 59-year tenure from 1879 to 1939. The Clayton Post Office closed on March 31, 1959. David's son Homer Ballengee had replaced his father as postmaster until it closed. The early photo you see is of the Joseph Graham home which was the first post office prior to the more stately two-story structure that was built in a late Victorian style.' This brings us to the end of

- It is time for another edition of A Peek into Summers County's Past. Each week, local history collector William Jones talks about pieces from his collection and their significance to local history. This week. Jones is discussing the town of Clayton and items related to the naming.

The community in question, like the rest of Summers County, has a rich history. However, this area's name holds a fascinating story. This story is the tale Jones intends to unwind.

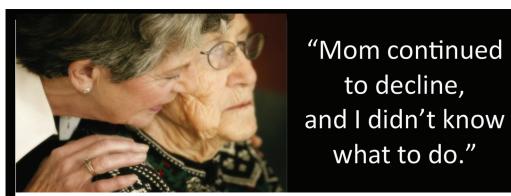

To begin, Jones said, "This week's piece has a unique twist to it, in that it is not directly related to the topic per se but is rare in its own right. As I delve into the topic and the time frame it happened,

As to the historical pieces related to this story, Jones said, "He had the ad you see here printed in all of the local papers that read 'Grand Aerial Voyage' with a photo of the balloon that was called Star of the West and the tale of his trip that led him to the Allegheny Mountains. Even though he was not successful in making it to the ocean, everyone still wanted to see this new, almost unimaginable flying contraption."

In conclusion, Jones stat-
