## One woman's journey to being cancer free

Celebration day. Photo courtesy of Bonnie Galford.

#### **Bonnie Galford**

**SUMMERS** COUNTY, (Hinton News) - I am praising God that I recently got to spend a beautiful day with family and friends celebrating my 20-year anniversary of being pancreatic cancer free. Everywhere I looked, the hall was decorated in purple, the color of pancreatic cancer survivors. I'd like to share some of my story with you to let you know what a miracle God performed in my life.

I had been having pain in my left side and around to my back. When I was at my son, Wesley's house, babysitting my granddaughter, I mentioned my pain to him. I went to Duke on Monday, had pre-op on Tuesday and went for surgery Wednesday, May 14, 2003. As Dennis, my husband, and I sat there in the waiting room, I was looking out the window at the huge columns and thought of Samson in the Bible. I went into a surgery that lasted for several hours, where they removed my spleen, half of my pancreas, part of my stomach, part of my diaphragm, a piece of was ready to send me there possibly lose a kidney, come my liver, and all the lymph pital while he was in the immediately, but the doctor out with a plastic stomach nodes in the area. Last week we continued looking at how we can know Jesus is the Son of God. considered the testimony of John the Baptist and the miracles Christ performed. This week we will look at the testimony of God, the Father.

## Jesus, The Son Of God continued part 3 by David Padfield

#### The Testimony Of The Father

Peter knew that at the baptism of Christ the Father spoke from heaven, saying, "This

is My beloved Son, in whom I am well pleased" (Matt. 3:17). On the mount of transfiguration, Peter would see a bright cloud overshadow them, and the Father would again testify of His Son, saying, "This is My beloved Son, in whom I am well pleased. Hear Him!" (Matt. 17:5). "This command contains the chief significance of the entire scene. Spoken in the presence of Moses and Elijah, it gave Jesus that pre-eminence which a son has over servants. He is to be heard. His words have pre-eminence over those of the lawgiver and the prophet (Heb. 1:1,2). Peter recognized Jesus as thus honored by this voice (II Pet. 1:16-18)." (J. W. McGarvey, The

#### The Resurrection

Fourfold Gospel, p. 420).

Though our Lord had not yet gone to the cross when He asked His disciples about His identity, we can now look back to the resurrection as the crowning act in proving the Divinity of Christ. The apostle Paul opens the Roman letter by pointing to "Jesus Christ our Lord, who was born of the seed of David according to the flesh, and declared to be the Son of God with power, according to the Spirit of holiness, by the resurrection from the dead" (Rom. 1:3-4).

The very foundation of the gospel rests upon the Lord's resurrection from the grave (1 Cor. 15:3-4). In fact, if there was no resurrection, "then our preaching is vain and your faith is also vain" (1 Cor. 15:14).

#### Conclusion

"God, who at various times and in different ways spoke in time past to the fathers by the prophets, has in these last days spoken to us by His Son, whom He has appointed heir of all things, through whom also He made the worlds; who being the brightness of His glory and the express image of His person, and upholding all things by the word of His power, when He had by Himself purged our sins, sat down at the right hand of the Majesty on high, having become so much better than the angels, as He has by inheritance obtained a more excellent name than they" (Hebrews 1:1-4).

Since Christ is God's final spokesman, if we neglect His message, we have missed the great salvation "which at the first began to be spoken by the Lord, and was confirmed to us by those who heard Him" (Heb. 2:3).

#### PUBLIC SERVICE COMMISSION OF WEST VIRGINIA CHARLESTON

CASE NO. 23-0298-E-P

APPALACHIAN POWER COMPANY and WHEELING POWER COMPANY Petition to Update the MBRC Rates Currently in Effect

#### PUBLIC NOTICE OF CHANGE IN RATES UPON APPLICATION

NOTICE is hereby given that Appalachian Power Company and Wheeling Power Company (the Companies), public utilities, have, on March 15, 2023, filed with the Public Service Commission of West Virginia a Petition to update the Modified Rate Base Cost (MRBC) surcharge revenues. The Public Service Commission's June 30, 2021, Order in Case No. 20-1012-E-P required the Companies to file an annual MBRC update in March 2022, 2023, and 2024. If approved, the increased rates will apply to electric service to approximately 462,328 customers in the counties of Boone, Brooke, Cabell, Clay, Fayette, Greenbrier, Jackson, Kanawha, Lincoln, Logan, Marshall, Mason, McDowell, Mercer, Mingo, Monroe, Nicholas, Ohio, Putnam, Raleigh, Roane, Summers, Wayne, and Wyoming.

The Companies propose to recover total incremental revenue requirements for certain rate base increases added between October 1, 2021 and September 30, 2022. The proposed increased rates and charges will produce approximately \$10.05 million annually in additional revenue, and increase of 0.58%. The average monthly bill for the various class of customers will be changed as follows:

	(\$) INCREASE	(%) INCREASE
Residential	\$1.23	0.76%
Commercial	\$2.31	0.55%
Industrial	\$1,161.04	0.47%
Special Contract	\$2,664.57	0.53%
Other	\$0.09	0.45%

The increases requested vary by customer class and customer usage level. Individual customers may receive an increase that is greater or less than average. Furthermore, the requested rates are only a proposal and are subject to change (increases or decreases) by the Public Service Commission in its review of this Petition. Any increase in rates will not become effective until authorized and approved by the Public Service Commission. The Public Service Commission will conduct an evidentiary hearing at 9:30 a.m., August 30, 2023, in the Howard M. Cunningham Hearing Room, Public Service Commission Building, 201 Brooks Street, Charleston, West Virginia.

Anyone desiring to intervene should file a written petition to intervene by 4:00 p.m. May 31, 2023. Failure to intervene timely can affect your right to participate in the proceeding. Requests to intervene must comply with the Commission's rules on intervention. Anyone desiring to protest should file a written or electronic protest at any time up to the start of the evidentiary hearing. All protests or requests to intervene should briefly state the reason for the protest or intervention. All protests and interventions should be addressed to: The Executive Secretary, Public Service Commission of West Virginia, P.O. Box 812, Charleston, West Virginia 25323. A complete copy of this tariff, as well as a representative of the Company to provide any information requested concerning it, is available to all customers, prospective customers, or their agents at the following office of the Companies: 200 Association Drive, Charleston, WV 25311.

CASE NO. 21-0339-E-ENEC

APPALACHIAN POWER COMPANY AND WHEELING POWER COMPANY
Petition to Initiate the Annual Review and to Update the ENEC Rates Currently in Effect.

#### NOTICE OF FILING AND HEARINGS

On April 28, 2023, Appalachian Power Company and Wheeling Power Company (jointly the Companies) filed their 2023 petition to initiate the annual review and update of Expanded Net Energy Cost (ENEC) rates. Also on April 28, 2023, Commission Staff filed, in Case Nos. 21-0339-E-ENEC and 22-0393-E-ENEC, the prudency review report written by Critical Technologies Consulting. The Commission initiated the 2023 ENEC and reopened the 2021 and 2022 ENECs on May 26, 2023.

The Companies are seeking an ENEC increase of \$641.7 million, including an under recovery balance of \$552.9 million, as of February 28, 2023, that the Commission deferred over the last three ENEC cases (deferral amount), and an estimated \$88.8 million in fuel costs for the current year. Under a traditional one-year recovery, the requested \$641.7 million in fuel costs would require an increase of approximately 37% over current revenues. In order to minimize the impact on customers, the Companies are instead proposing two alternative recovery mechanisms.

The first proposed option in the 2023 case would spread recovery of the deferral amount over three years and additionally raise rates by \$88.8 million to align ENEC costs with ENEC revenues. If this alternative recovery mechanism is approved, the average monthly bill for the various classes of customers will be changed as follows:

	(\$) Increase	(%) Increase
Residential	\$19.61	12.1%
Commercial	\$68.44	16.3%
Industrial	\$57,715	23.4%
Special Contracts	\$110,362	21.9%
Other	\$1.63	10.0%

The second proposed option utilizes securitization of the deferral amount and other cost items and raises rates by \$88.8 million to align ENEC costs with ENEC revenues. If this alternative recovery mechanism is approved, the average monthly bill for the various classes of customers will be changed as follows:

win be changed as follows:		
	(\$) Increase	(%) Increase
Residential	\$5.69	3.5%
Commercial	\$21.16	5.0%
Industrial	\$18,074	7.3%
Special Contracts	\$25,756	5.1%
Other	\$0.57	3.5%

Public comment hearings will be held on the following dates in the following locations: July 11, 2023 at 5:30 p.m., Cabell County Courthouse, County Commission Courtroom, 750 5th Ave., Huntington, WV; July 12, 2023 at 5:30 p.m., Mercer County Courthouse, Judge Sadler's Courtroom, 2nd Floor 1501 W. Main Street, Princeton, WV; July 24, 2023 at 5:30 p.m., Howard M. Cunningham Hearing Room, 201 Brooks Street, Charleston, WV; and August 21, 2023 5:30 p.m., Ohio County Courthouse, Judge Cuomo's Courtroom, 2nd Floor, 1500 Chapline Street, Wheeling, WV. An evidentiary hearing will be held on September 5, 2023, beginning at 9:30 a.m., in the Howard M. Cunningham Hearing Room at the Commission's offices at 201 Brooks Street, Charleston, WV.

Anyone desiring to intervene and act as a party in Case No. 230377EENEC should file a Petition to Intervene on or before June 30, 2023, complying with the rules on intervention set forth in the Commission's Rules of Practice and Procedure. Anyone desiring to protest should file a written protest as soon as possible although protests will be accepted throughout the pendency of all three proceedings. All written protests should briefly state the reason for the protest. All protests and Petitions to Intervene should state the case name and number and be addressed to Karen Buckley, Executive Secretary, P.O. Box 812, Charleston, WV 25323.

CASE NO. 23-0328-E-PC

APPALACHIAN POWER COMPANY AND WHEELING POWER COMPANY

Petition for Commission Approval of Cost Recovery for a Purchase and Sale Agreement and Seven Purchased Power Agreements for Renewable Energy.

#### NOTICE OF FILING AND HEARING

On March 31, 2023, Appalachian Power Company (APCo) and Wheeling Power Company (WPCo) (together, the Companies) filed a Petition with the Public Service Commission of West Virginia (Commission) seeking the recovery of costs associated with APCo's agreements to acquire the Grover Hill wind facility and to purchase renewable energy products from the Green Acres, Mountain Brook, River Trail, Shifting Sands, Sunny Rock, Pleasant Prairie, and Horsepen Branch solar facilities. The Companies' Petition is on file with and available for public inspection at the Commission's offices, 201 Brooks Street, Charleston, WV 25301, and at the Commission's website, www.psc.state.wv.us.

The Commission has set an evidentiary hearing in the matter for September 14, 2023, starting at 9:30 am, and continuing to September 15, 2023, if necessary, to be held in the Howard M. Cunningham Hearing Room at the Commission's offices, 201 Brooks Street, Charleston, WV 25301. Interested persons may attend the hearing and will have an opportunity to make public comment.

The acquisition of the aforementioned renewable energy generation facility and the purchase of the aforementioned renewable energy products can be expected to have an ultimate impact on the Companies' West Virginia retail rates at some point in the future. The Companies do not expect these transactions to lead to any significant increase in customer rates. Rather, the Companies project that the transactions will reduce customer rates over the lives of the wind and solar facilities.

The Companies have a Renewable Power Plus (RPP) Tariff to be offered on a voluntary basis to all customers in addition to the Companies' standard tariff offerings. It is anticipated that, over time, the costs of the proposed renewable facilities will be offset by the customers subscribing to the RPP Tariff, special contract revenues, and the cost of service benefits produced by the facilities. The costs of the renewable energy PPAs with the Green Acres, Mountain Brook, River Trail, Shifting Sands, Sunny Rock, Pleasant Prairie, and Horsepen Branch solar facilities are proposed to be recovered in expanded net energy cost (ENEC) rates. The costs of the proposed Grover Hill wind facility will be recovered through a surcharge.

The renewable facilities have varying in-service dates, but the Companies project that rates would increase by approximately \$3.7 million, on an aggregate basis after offsets, during a hypothetical first year that assumes all eight facilities are in service, as shown in the table below. Such rates will likely be phased in as of the commercial operation date for the Grover Hill wind facility and the date of the Companies' annual ENEC rates for the Green Acres, Mountain Brook, River Trail, Shifting Sands, Sunny Rock, Pleasant Prairie, and Horsepen Branch solar facilities. The estimated rate increase in the hypothetical "Year 1" for each of the Companies' tariff classes is also shown in the table below. By way of example, a residential customer using 1,000 kWh per month would experience a net monthly increase of \$0.29.

## Monroe County Commission votes to suspend resolution removing sheriff from office

#### Sarah Mansheim

roe County Commission, whose members recently suspend him from office.

80001749 HARVEY JACK & TAMMY

On Tuesday, June 14, the commission voted to suspend the resolution pending the conclusion of an investigation into allegations by West Virginia State Police.

Monroe County Clerk Jeremy Meadows issued a press release stating that the commission had voted to suspend the resolution, and his office also released a copy of the resolution, outlining the allegations against Sheriff Jeff Jones and Chief Deputy James Hylton.

Count one of the resolution states that Jones failed to keep a secure evidence room. It says that since Jan. 1, 2021, Jones has failed to keep an access log of all individuals entering the evidence room.

Count one also states that Jones failed to ensure that no loaded firearms were kept in the evidence room and further states that between Jan. 1 and May of this year, Jones returned two loaded firearms to family members of a criminal defendant from whom the firearms were seized. The resolution states that Jones gave the loaded guns back to the defendant's family inside the Monroe County Courthouse.

Count one also alleges that Jones has failed to conduct an audit of the evidence room's contents since January 2021 and that all deputies carried a key that opened all of the temporary evidence lockers.

CASE NO. 23-0030-E-D

MONONGAHELA POWER COMPANY AND THE POTOMAC EDISON COMPANY

Request to approve new depreciation rates for the Companies' existing and future capital assets pursuant to Rule 20 of the Rules of Practice and Procedure, 150 C.S.R. 1

NOTICE OF FILING AND HEARING On January 13, 2023, Monongahela Power Company and The Potomac Edison Company (Companies) requested that the Public Service Commission of West Virginia (Commission) approve new depreciation rates for their existing and future capital assets pursuant to its rules and statutory authority. The new depreciation rates have been suspended by the Commission until further notice with the intent to place any new depreciation rates into effect at the same time as any rates stemming from a base rate case filing. The base rate case was filed on May 31, 2023, Case No. 23-0460-E-42T. The requested net change in the annual depreciation charges is an increase of \$75,472,059 per year and is principally due to an increase in generation depreciation rates.

Should the total depreciation rate increase be granted in full and incorporated into base rates, the average monthly bill for their various classes of customers would be changed as follows:

		0
Customer Class	Average Increase/Month	Net% Increase
Residential	\$6.14	5.1%
Commercial	\$19.92	5.2%
Industrial	\$7,387.48	4.0%
Streetlighting	\$8.53	2.1%

The Companies estimate that for an average residential customer using 1,000 kilowatt-hours per month, the net rate impact of the requested increase will represent a monthly increase of \$6.14 to a total bill of \$126.34. The rate impacts shown above are based on averages of all customers in the indicated class. Each class may receive a net increase greater or less than stated here. Individual customers may receive net increases that are greater or less than average. Additionally, these proposed increases are based on a Class Cost of Service Study that will be updated in the Companies' upcoming base rate proceeding which will alter these proposed rate increases among the Cus-
