

Summers County Sheriff’s Office Welcomes Three New Members to Team 900

Today, the Summers County Sheriff’s Office grew a little stronger as Judge Mann administered the oath of office to three new members of our team. We are proud to welcome Michael Hoyle and Mathew Lowry as our newest Deputies, along with Alicia Ward as our new Animal Control Officer. We are grateful to have each of them join Team 900 and appreciate their willingness to serve. We look forward to watching them grow in their new roles and serve the citizens of Summers County with professionalism, dedication, and pride. Please join us in welcoming Michael, Mathew, and Alicia to the Summers County Sheriff’s Office!

Bobcats Get Taken Down by Cavaliers

CHARMCO- Greenbrier West delivered another impressive offensive performance Friday night, rolling past Summers County 53-14 and improving to 2-0 on the young season. The Cavaliers wasted little time taking command, scoring three times in the opening quarter to build a 20-0 advantage. Summers County struggled to slow a balanced Greenbrier West attack that produced seven touchdowns--four on the ground and three through the air. Greenbrier West continued pulling away as the night progressed, using its depth and versatility to keep the Bobcats’ defense off balance. The Cavaliers also turned in a strong defensive performance, limiting the Bobcats scoring opportunities and keeping the outcome firmly in control until a couple Bobcat scores late. Once again, Greenbrier West loaded up on rushing yards as their fierce running attack was on full display for the second week in a row. They ran for 383 yards and completed just three passes the entire game, but they all went for scores. Ben Butler had 159 yards and a score on just nine carries and Ayden Baker gained 85 on just five totes with a TD. Karsten Burns caught two passes for 83 yards and two touchdowns. In total, the Cavs ripped off 483 total yards on the night. The victory followed Greenbrier West’s season-opening 45-19 win over Wirt County. Through two games, the Cavaliers have scored 98 (49 per game) points and look like a force to be reckoned with in Class A in the early portion of 2026. Summers County fell to 0-2 after opening the season with a 42-8 loss to PikeView. Braxton Lambert and Tanner Plumley scored the two TDs for Summers. The Cavs will look for their third straight win when they host Liberty (Raleigh) this Friday night. The Bobcats will travel to Buffalo looking for their first win of 2026.

Peek Into Summers County’s Past: An Old Photo

William Jones

This is a photo of my Grandfather Bernard Thompson. I do a lot of my stories on the Thompson side of my family. They saved and documented so many things to be passed down from generation after generation. It is the Thompson side of my family where I believe I got my love for local history and antiques. Or as my family says, my “hoarding” derived from that side of the family. Ha! This photo was taken in 1927 when he was a few months old at his homeplace in Talcott, WV. Granddad was so fidgety and knocked and thrashed around so

much when he was a newborn, that he had to be laid on the floor to keep from hurting himself. This put his father O.D. Thompson, who was a famed mechanic(s), mind to work! Now this would not be FDA or FTC approved today. If you look closely in the photo you see on either side of granddad two silver pieces with round balls on them. O.D. thought of the idea of taking commercial sink plumbing parts and using a wide leather strap to connect the two fixtures. He would then place it over granddad’s belly while he laid on the floor. The weight of the two knobs laying across him was just enough to keep him from rolling around. He did this for several months or as OD said: “until it trained “Bernard” to lay still and not hurt himself. Ha!

New River Gorge National Park and Preserve Begins Repair of Historic Rend Trail and Bridges

Pictured Left to right: Eric LaPrice, Acting Superintendent, NRGNPP; Tyler Bragg, Interim City Manager, City of Oak Hill; Tyler Ohrn, Field Representative, Office of Congresswoman Carol Miller; Todd Gunter, Economic Development Director, Office of Senator Shelley Moore Capito; Baby Dog; U.S. Senator Jim Justice; WV State Senator Rollan Roberts; Kirsten Talken-Spaulling, Deputy Regional Director, National Park Service; Eve West, Chief of Interpretation, NRGNPP; Lisa Strader, CEO, Visit SWV; Sammy Lee, CEO, Guardian Construction.

GLEN JEAN, W.Va. (The Hinton News) — New River Gorge National Park and Preserve began an approximately \$11.8 million project—funded by the Great American Outdoors Act Legacy Restoration Fund—to repair the Rend Trail and bridges. Partners from Friends of New River Gorge and National Park Foundation joined the National Park Service for a ceremonial

groundbreaking to mark the start of construction. Local stakeholders gathered at the Minden Trailhead to highlight the benefits of the trail’s restoration, which will conserve the park’s historic landscape, strengthen regional tourism and restore access to a major recreational corridor. Public officials highlighted the positive impact the investment will have on both the park and the surrounding communities: In 2024, spending by park visitors generated an estimated \$95.5 million for the local economy.

Signed into law by President Donald J. Trump in 2020, the Great American Outdoors Act Legacy Restoration Fund provides significant funding to address priority maintenance and repair needs across the National Park System to ensure safe, resilient and accessible public lands for future generations.

“Rend Trail offers visitors a unique opportunity to experience the history, communities and landscapes that shaped New River Gorge,” said Acting Superintendent Eric LaPrice. “Thanks to funding from the Great American Outdoors Act Legacy Restoration Fund, this project will improve safety and access and ensure visitors can enjoy this remarkable trail for generations to

The Gospel of Jesus Christ

(Part 2)

by Mark A. Copeland

<https://executableoutlines.com/tracts/>

Have You Heard The Most Important News In The World?

Last week we began looking at the gospel of Jesus Christ. We looked at some preliminary considerations and facts to believe. Today we will look at commands to obey and promises to receive.

THERE ARE COMMANDS TO OBEY!

Salvation is by the grace and mercy of God (Ephesians 2:8-9; Titus 3:4-7). One obeys the gospel not to earn salvation but to receive it. And so...

We Must Believe The Gospel - Otherwise, we will be lost (Mark 16:15-16; Romans 1:16). **We must believe (trust) in Jesus who died for our sins** (John 1:29; 3:16, 36; 8:24). Do you believe that Jesus is the Christ, the Son of God?

We Must Confess Our Faith - Confessing that Jesus is Lord is necessary for our salvation (Romans 10:9-10; Matthew 10:32-33). It is called the good confession (e.g., Acts 8:37; 1 Timothy 6:12). Have you confessed (acknowledged) your faith in Christ?

We Must Repent Of Our Sins - This means to make the decision to turn from our sins. Jesus wanted repentance proclaimed in His name to all nations (Luke 24:46-47). His apostles did this faithfully (Acts 2:38; 3:19; 17:30). Have you repented of your sins?

We Must Be Baptized For Remission Of Sins - Jesus made baptism an integral part of His gospel (Matthew 28:19-20; Mark 16:15-16). His preachers faithfully proclaimed the need to be baptized (Acts 2:38; 22:16). His apostles wrote of the significance of baptism (Romans 6:3-7; Galatians 3:27; Colossians 2:12-13; Titus 3:4-7; 1 Peter 3:21).

Baptism is an immersion (the Greek word is baptizo which means “to immerse”) in water (Acts 8:36; 10:47-48). It is intended for penitent believers (Acts 2:38; 8:36-37), who seek to have their sins washed away by the blood of Jesus (Acts 22:16; Ephesians 1:7; 1 Peter 3:21).

Many have distorted the gospel by removing the command to be baptized. Have you been scripturally baptized for the remission of your sins?

We Must Remain Faithful - Obeying the gospel of Christ is just the beginning. There are many things Jesus wants us to know and do (Matthew 28:19-20). We must remain faithful if we want to receive the crown of life (Revelation 2:10). Are you willing to be faithful to Jesus?

To encourage everyone to obey the gospel...

THERE ARE PROMISES TO RECEIVE!

The Forgiveness Of Sins - By the blood of Jesus, our sins are washed away (Acts 2:38; 3:19; 22:16; Ephesians 1:7).

The Gift Of Eternal Life - The wages of sin is death, but the gift of God is eternal life through Jesus Christ our Lord (Romans 6:23; 1 John 5:11-13).

The Gift Of The Holy Spirit - Promised by Jesus and His apostles (John 7:37-39; Acts 2:38-39), children of God enjoy the blessings of the Spirit at work in their lives (Galatians 4:6; 5:22-23).

The Family Of God - We are blessed to have many brothers and sisters (Mark 10:28-30) in the church, which is the family of God (1 Timothy 3:15). They encourage us to be faithful (Hebrews 3:12-14).

There are more blessings too numerous to list, for both this life and hereafter. Don't you want to receive the promises of the gospel?

Next week we will look at some examples of conversion from the New Testament.

Paid for by Shockley Hill church of Christ.

We meet at 3293 Tug Creek Mountain Road

Weekly +
HOROSCOPES

ARIES – Mar 21/Apr 20

Aries, this week calls for a break from your usual fast pace. If you’ve been burning the candle at both ends, your energy reserves will be depleted. Focus on fortifying yourself and your space.

TAURUS – Apr 21/May 21

Miscommunication is likely if you rush your words, Taurus. Take an extra breath before responding when someone asks you a question or when addressing emails.

GEMINI – May 22/Jun 21

It’s time to audit where your money is going, Gemini. If you’ve been overspending as a balm to stress, hit the brakes. Look for areas where you can plug any financial leaks.

CANCER – Jun 22/Jul 22

The spotlight is firmly on you right now, Cancer. You might feel a sudden urge to change your style, update your resume or shed an old identity that no longer fits. Trust this instinct.

LEO – Jul 23/Aug 23

The universe is asking you to clear out some psychic debris this week. It is a great time for journaling and heavy solo time. If secrets or old resentments bubble up, just let them go.

VIRGO – Aug 24/Sept 22

Your social life is getting a bit of a reality check, Virgo. You might realize that certain friendships have felt a bit one-sided. Seek people who inspire you.

LIBRA – Sept 23/Oct 23

The spotlight shines brightly on your professional zone this week, Libra. Instead of waiting for recognition, create your own. Update your portfolio or pitch an idea you have been sitting on.

SCORPIO – Oct 24/Nov 22

Scorpio, you may be craving a breakdown of boredom. If you can’t physically travel right now, satisfy this urge by stretching your mind another way.

SAGITTARIUS – Nov 23/Dec 21

This week drags you into deeper psychological waters than you might care to swim in, Sagittarius. It’s a powerful time for intimacy or understanding behaviors.

CAPRICORN – Dec 22/Jan 20

Relationships take center stage, Capricorn. If there is an imbalance of power, it will need to be corrected. Approach conversations this week with diplomacy.

AQUARIUS – Jan 21/Feb 18

Aquarius, your daily habits are catching up to you. If you’ve been eating poorly or skipping sleep, your body will demand a reset. Focus on micro-habits to get back on track.

PISCES – Feb 19/Mar 20

Your playful side is begging for attention, Pisces. Make time for hobbies, art or romance that serve no purpose but to bring you joy.

FAMOUS BIRTHDAYS

DEAR ABBY: My next-door neighbors are appropriately friendly, mow their lawn and generally mind their own business. The husband is a leader in a fundamentalist church whose pastor preaches that being gay is a sin and transgender people are mentally ill. My wife and I are lesbians, and our middle child is transgender. This is obvious to anyone who has met us.

Our third child is the same age as the neighbors' daughter, and they play outside sometimes. Her mom has started asking if my daughter can come over to their house. I'm looking for a kind way to let her know that playdates are not an option. I respect their family's right to have values different from mine, but I don't think it's emotionally safe for my kid to be over there. Similarly, my house is too queer-friendly for me to feel comfortable hosting a conservative neighbor's kid here. How do I give a blanket "no" to visits while remaining cordial neighbors? -- **THE LESBIAN NEXT DOOR**

DEAR LESBIAN NEXT DOOR: I get the impression you and your neighbors are polite but not close, so there's your reason: Tell her you aren't comfortable letting your daughter spend time inside the home of someone you don't know well.

To improve this relationship, invite them over for dinner, perhaps a casual outdoor barbecue. If it turns out your two

families are as incompatible as you suspect, your daughter will stop receiving playdate invitations.

DEAR ABBY: My boyfriend, "Dirk," and I are in our late 50s. We both are divorced, and we each have a single child over the age of 18. Every time Dirk and I go out for a nice dinner date, he either orders a meal "to go" to bring home for his son or purposely eats only half his dinner and brings the rest home for him. I've told Dirk this is rude. It spoils the mood of having an intimate adult date. His son is old enough to figure out how to feed himself.

The problem is, Dirk won't stop doing this, and it's been going on for years. It took two years to finally get Dirk to stop bringing his son with us if we went on errands together. I feel suffocated and like I'm dating two rather than one in that household. Dirk chooses to blur boundaries and always pulls the "single dad, raising him on my own" card, an excuse I've never had to make. I believe it applies to minor children, not adults, and coddling to this extreme is ridiculous.

Am I being too harsh? My son is self-sufficient. He has a healthy social life and keeps healthy boundaries when it comes to my love life. I've talked myself hoarse being honest with Dirk about all of this, but it never changes, and these dynamics keep me from advancing my commitment to Dirk. He begs me to move in, but I think after one week, I'd be at my wits' end. Should I pull the plug altogether and move on? -- **DATING TWO IN CALIFORNIA**

DEAR DATING: I think that unless you'd like to become a family of three living under Dirk's roof, you need to do exactly that. Feeling as you do about Dirk's son, the relationship would be doomed from the moment you unpacked your bags.

Dear Recycle Lady

Dear Recycle Lady,
What are tree-corridors? I think they are found in forests, but I am not sure. Love Trees

Dear Love Trees,
Tree-corridors are ecological pathways that connect forest fragments, thus allowing wild animals to move freely between areas to migrate, breed, and find food. They are found particularly in the Rainforests that have been cleared and left in large, fragmented areas. Some 500 years ago Brazil's Atlantic Forest was the size of South Africa, but today over 90 percent of this global biodiversity hotspot has been deforested to make way for booming industries such as soy, sugar cane and cattle ranching. The Rainforest Alliance is helping to connect these fragmented forests with green tree-corridors to "provide a lifeline" for animals, threatened species, and pollinators. Research has shown that when patches of forest are isolated from each other, pollinators are less abundant, and plants frequently fail to reproduce. Connecting forests that have been broken up by clearcutting with a pathway of trees, shrubs, and native plants creates a richer biodiversity of plant species. Pollination by bees, bats and hummingbirds is increased when they can travel from one part of the forest to another. Healthy forests are an important part of the solution for global climate change.

Dear Recycle Lady,
I went to the Recycling Center last week to deposit my recyclables and, much to my surprise, the bin for aluminum foil and pans was covered over with cardboard. I thought aluminum foil was one of the re-

cyclables that could be recycled over and over again without losing quality. Why isn't the Recycling Center accepting foil and pans anymore? Distressed Recycler

Dear Distressed Recycler,
The main reason the Recycling Center is not accepting aluminum foil and pans is that there are no buyers for small amounts of used aluminum. In order to have enough foil and pans for a buyer to consider purchasing them, the Recycling Center would need to collect an extremely large amount of clean, dry aluminum foil and pans. Donated foil and pans would need to be kept in storage until that amount was collected and unfortunately, that amount of storage space is not available. A secondary problem is that not all foil and pans placed in the bin are clean and dry. It only takes a few bits of food or grease to contaminate clean foil and pans and make them unrecyclable. Have you considered reusing your foil? Just wash it in hot soapy water, rinse, dry, and smooth it out. Your piece of foil will be almost as good as new. Foil is also a good scissor sharpener. Fold up a piece of aluminum foil four or five times, depending on the strength of the foil, then cut through the folds several times. Your dull scissors will be as sharp as you want them to be. Another use of foil is to hang a few strips of aluminum foil in the branches of your fruit trees to help keep birds away from the fruit on the trees. Balled up aluminum foil is a good way to remove the gunk left after grilling those delicious steaks!

Dear Recycle Lady,
Is there a recycling program

for crayons? I have a whole bag of used or broken crayons that I hate to throw out. Hopeful

Dear Hopeful,
Yes, there is an excellent recycling program that recycles used, broken, stubby, old or unwanted crayons: the nationalcrayonrecycleprogram.org. According to National Crayon Recycle Program

(NCRP), more than 60 million crayons are discarded in the U.S. every year and most of them end up in a landfill. Since crayons are made of a petroleum by-product, paraffin wax, they are not biodegradable and take decades to decompose. The NCRP has partnered with the Crazy Crayons Company to create new fun-shaped crayons from recycled crayons. They also upcycle crayons to children in need of crayons and offer playful activities that can be therapeutic for traumatized children. The goal of both organizations is to "bring a smile to a child's face." Ship crayons

in a sturdy box to: National Crayon Recycle Program, 8110 S. Houghton Rd. #158, Tucson, AZ 85747. Leave the color wrapper on the crayon even if it is torn as it makes the color of the crayon easily identifiable, and the wrapper is later recycled. Recycled crayons can also be purchased on this site.

Interesting Information: Hydrophones that detect and record underwater sounds are used for the analysis of various underwater phenomena, including marine life communication and environmental monitoring. Thus, the ocean can eavesdrop on whales' songs and other deep ocean sounds!

Have questions about recycling, or interesting information about recycling? Send questions or requests recycleladywv@gmail.com. Dear Recycle Lady is sponsored jointly by the Greenbrier Recycling Center and Greenworks Recycling.

New River Gorge (Continued from Page 2)

A Baby Dog Approved Project

come.”

The Rend Trail, formerly the Thurmond-Minden Trail, stretches 3.2 miles along the New River and Dunloup Creek with views of the historic downtown and community of Thurmond. Built in 1906 as a railroad line to haul coal, today’s recreational trail offers scenic views and crosses five historic rail-

road trestles, or bridges. Structural risks from aging infrastructure have led to partial closures along the trail, including one of the main bridges, and steep terrain prevents hikers and bikers from accessing the path continuously.

In addition to rehabilitating the multi-beam

bridges, the project will repair key retaining walls, resurface the trail, reroute the path around Big Rock and rehabilitate the Thurmond and Minden/Oak Hill trailheads. Together, these investments will address public safety hazards, strengthen a major recreation route and reconnect the park to communities across Fayette

County.

New River Gorge National Park and Preserve protects more than 70,000 acres of land along the rugged whitewater and canyons of the New River. With endless scenic and recreational opportunities, the park serves as a gateway to West Virginia’s rich cultural and natural history.

LEGAL NOTICE

WEST VIRGINIA DEPARTMENT OF TRANSPORTATION Division of Highways NOTICE TO CONTRACTORS

Bids will be received electronically by the West Virginia Department of Transportation Division of Highways through the Bid Express Bidding Service (www.bidx.com) and by sealed proposals (only when prequalification is waived) being received at its office in Building 5, Room 843, 1900 Kanawha Boulevard East, Charleston, West Virginia until November 17, 2026 at 10:00 AM (Eastern Standard Time). The bids will be downloaded and/or opened and read publicly thereafter for the constructions of the following project(s):
Call: 001
Contract: 2026450010
State Project: S345-3-6.11 00
Federal Project: STBG-0003(576)D
Description:

ASPHALT PAVING BEECH RUN - HINTON ROAD

Begin: 2.20 miles East of CR 3/4, End: WV 20
COUNTY: SUMMERS

Proposals will be received from prequalified and West Virginia licensed contractors only except that on Federal-Aid Projects a contractors’ license is not required at time of bid, but will be required before work can begin. Registration is required with the Department of Administration, Division of Purchasing, in accordance with Chapter 5A, Article 3, Section 12 of the West Virginia Code. All contractors submitting bids on project(s) must submit electronically with their bid a Proposal Guaranty Bond for \$500.00 or 5% of the total bid, whichever is greater.

The West Virginia Department of Transportation Division of Highways reserves the right to defer, delay or postpone the date for receiving and publicly opening proposals for any project designated in this

advertisement, without the necessity of renewing such advertisement. The deferment, delay, postponement, and the date that proposals will be received and publicly opened will be available on www.bidx.com.

The West Virginia Department of Transportation Division of Highways hereby notifies all bidders that it will affirmatively ensure that in any contract entered into pursuant to this advertisement, minority business enterprises will be afforded full opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, religion, sex or national origin in consideration for an award.

Brent Loper & The All Star Band to Bring Traditional Country Sound to Princeton’s Chuck Mathena Center Sept. 24

PRINCETON, W.Va. (DayTripper) — Brent Loper & The All Star Band will take the stage at the Chuck Mathena Center in Princeton at 7 p.m. Wednesday, Sept. 24, 2026, delivering a high-energy, authentic country music experience rooted in tradition, musicianship and storytelling. Loper, a Nashville-based singer, songwriter and multi-instrumentalist, came to music after a promising football career came to an unexpected end. That turning point led him to the stage, where he spent two years touring globally with the contemporary Christian band Truth, performing more than 600 shows and discovering a passion

for songwriting and live performance. Since relocating to Nashville in 2016, Loper has built a respected career as both an artist and songwriter, collaborating with industry legends including Vince Gill, Steve Dorff, Jim Rushing, Anthony Smith, Waylon Payne, Wood Newton and Craig Campbell. His performance resume includes touring as drummer for Joey + Rory, appearances in film and television, participation in the stage debut of Pure Country and a national performance on Huckabee.

Loper leads The All Star Band, a tight-knit group of elite musicians who have performed alongside icons such as Wynonna, Clint Black, Alison Krauss and Josh Turner. Together, they bring a live show built on energy, authenticity and crowd-connecting moments that resonate with traditional country fans and modern audiences alike.

The Princeton performance comes as Loper approaches a major career milestone in 2026 — the release of a new song co-written with Gill, cementing his place among Nashville’s top songwriters.

Tickets are required for the Sept. 24 performance. This is not a CMC Performance; gift cards and member tickets do not apply.

PUBLIC SERVICE COMMISSION OF WEST VIRGINIA CHARLESTON

CASE NO. 26-0607-WS-DSIC
WEST VIRGINIA-AMERICAN WATER COMPANY
2027 Distribution System Improvement Charge

PUBLIC NOTICE OF CHANGE IN RATES and NOTICE OF PUBLIC HEARING

On June 30, 2026, West Virginia-American Water Company (WVAWC) filed an application for approval of a Distribution System Improvement Plan and Charge (Application) pursuant to the direction of the Public Service Commission of West Virginia (Commission) in its February 24, 2016 Order that resolved WVAWC’s 2015 rate application, Case Nos. 15-0675-S-42T and 15-0676-W-42T.

WVAWC proposes to invest approximately \$68.3 million in water and \$26.7 million in wastewater infrastructure replacement, system upgrades, and troubled systems in 2027. The investment will include the replacement of mains, services, valves, hydrants, meters, and troubled water system acquisition investments, as well as investment in wastewater infrastructure including the replacement of collection mains, services, manholes, valves, and troubled wastewater system acquisition investments. WVAWC is requesting to recover the costs related to the investment through its Distribution System Improvement Charge (DSIC). The projects proposed for 2027 are identified in the Application, which is on file and available for public inspection at the Commission’s offices at 201 Brooks Street, Charleston, West Virginia, and may be viewed on the Commission’s website, www.psc.state.wv.us.

As with the DSIC currently in place, WVAWC proposes to recover costs associated with these investments through a surcharge on customer bills, calculated as a percentage of the total monthly bill for service (comprised of both the minimum meter charge and the volumetric rate component). WVAWC proposes to include a Wastewater System Improvement Charge (WSIC) as a subcomponent of the DSIC to recover qualified investments in wastewater utility plant, as authorized by the Commission Order issued March 1, 2024 in Case No. 23-0558-WS-DSIC. The proposed DSIC rate combines WVAWC’s DSIC qualified wastewater revenue requirement with its water revenue requirement to calculate a single DSIC rate that is the same percentage adder for both water and wastewater customers.

WVAWC projects that if the DSIC and WSIC revenue requirement are approved as requested, the 2027 DSIC/WSIC adders will recover \$5.8 million through a DSIC Rate Component of 2.79%. The average monthly bill for various classes of customers when compared with current authorized base rates, will change as follows:

Water

Customer Class (Average Monthly Usage)	(\$) Increase	(%) Increase
Residential (3K gallons)	\$ 2.30	2.79%
Commercial (16K gallons)	\$ 10.28	2.79%
Industrial (650K gallons)	\$ 278.31	2.79%
OPA (33K gallons)	\$ 29.44	2.79%
Sale for Resale (5,652K gallons)	\$1,797.86	2.79%

Wastewater

Customer Class (Average Monthly Usage)	(\$) Increase	(%) Increase
Residential (3K gallons)	\$ 2.38	2.79%
Commercial (16K gallons)	\$ 11.39	2.79%
Industrial (650K gallons)	\$ 450.73	2.79%
OPA (33K gallons)	\$ 23.17	2.79%
Sale for Resale (5,652K gallons)	N/A	N/A

If approved, the 2027 DSIC and WSIC rate increments will also directly or indirectly affect customers of the following public service districts, regional development authorities, municipalities, or other governmental subdivisions who, under agreements approved by the Commission, are charged water service or wastewater service rates that are in whole or in part based on the rates of WVAWC:

Water

Boone County Public Service District
Cumberland Public Service District
Jumping Branch-Nimitz Public Service District
Kanawha County Regional Development Authority
Lashmeet Public Service District
Lewis County Economic Development Authority

Wastewater

New Haven Public Service District
Oakvale Road Public Service District
Putnam County Building Commission
Salt Rock Public Service District
Webster County Economic Development Authority

The increase and percentage increase for customers of the above listed utilities will be approximately the same as those shown for the WVAWC customers.

Some of the customers receiving service from these entities under Operation and Maintenance Agreements with WVAWC also pay a surcharge in addition to the rates that mirror WVAWC rates. These surcharge amounts were approved by the Commission in prior cases, and those surcharges will not increase or otherwise be affected by this filing.

Wholesale resale customers of WVAWC subject to the DSIC surcharge include Bluefield Valley Water Works Company, Flatwoods Canoe Run Public Service District, and South Putnam Public Service District.

The increases shown above are based on averages of all customers in the indicated class. Each class may receive an increase greater or less than stated here. Individual customers may receive increases that are greater or less than average. The requested rates and charges are only a proposal and are subject to changes (decreases or increase) by the Commission in its review of the filing. No rate change will become effective unless and until approved by the Commission.

The Commission set a hearing date on the Application which will begin at 9:30 a.m. on Thursday, December 10, 2026, in the Howard M. Cunningham Hearing Room at the Commission’s offices at 201 Brooks Street, Charleston, West Virginia. The Commission may cancel the hearing for good cause shown. Interested persons intending to attend the hearing should monitor the web docket.

Anyone desiring to protest or intervene should file a written protest or request to intervene that briefly states the reason for the protest or request to intervene. Requests to intervene must comply with the rules on intervention set forth in the Commission’s Rules of Practice and Procedure and must be filed on or before October 9, 2026. The Commission will receive public comments throughout the entirety of the proceeding. All written comments and requests to intervene should state the case name and number and be addressed to Karen Buckley, Executive Secretary, P.O. Box 812, Charleston, West Virginia 25323. Public comments may also be filed online at <http://www.psc.state.wv.us/scripts/onlinecomments/default.cfm> by clicking the “Formal Case” link.

Pet of the Week: Meet Brian

Meet Brian

Look at this adorable little guy! Brian is a friendly, happy pup who is loving life in his foster home—but he’s dreaming of the day he gets a family of his very own!

Brian is a bit of a mystery mix! DadDad may have been a Chihuahua mix, Mom is believed to be a Jack Russell mix, but

this little guy sure looks like he has some Beagle in him!

Brian is working hard on: House training, crate training walking nicely on a leash. He absolutely adores his foster mom, but deep down, Brian knows there’s a forever family out there waiting just for him.

If you’re looking for a sweet little companion with a whole lot of personality packed into one adorable package, Brian may be your boy!

Please share Brian and help him find his forever home!

Brian is ready to trade his foster home for a FOREVER home!

Treasurer Pack Releases Data Center Impact Report

CHARLESTON, W.Va. (The Hinton News) - State Treasurer Larry Pack released a tax analysis report on two prominent data center projects: the Berkeley County Penzance Management project and the Google project in Putnam County. Following the passage of the Power Generation and Consumption Act of 2025 (HB2014), taxable property income was redirected away from standard allocations for high-impact data centers. The total tax income from these two projects would exceed \$100 million annually.

“There’s a lot of confusion about these data center projects. That’s why we worked to clarify their impact, so the public understands what it means for their community,” Treasurer Pack said. “Regardless of what the estimates say, we know that community buy-in is crucial to any economic development project, and that is why it’s important that we be as transparent as possible about the total impact of these data center projects. If these projects come to fruition, we want citizens to be ready to talk with their local and state officials on how best to spend these dollars to benefit their communities.”

The report looked at the Berkeley County Penzance Management project (estimated investment of \$10 billion) and the Google project in Putnam County (estimated investment of

\$7 billion).

The expected government revenue gained is \$10.5 million for the Berkeley County Commission and \$8.3 million for the Putnam County Commission annually. School districts in those areas are expected to receive \$28.3 million and \$17.4 million, respectively. The Personal Income Tax (PIT) Reduction Fund would receive more than \$27.9 million. Other counties would share \$5.6 million, or an average of roughly \$100,000 per county.

“As state and local governments consider adding more data centers, we must ensure the benefits outweigh the drawbacks. West Virginia citizens and their needs must stay front and center in these discussions,” Treasurer Pack said. “Economic growth and diversification must be our top priority if we are to move West Virginia forward. Only through pro-growth policies can we set West Virginia on a brighter path.”

can be attributed to Mark Muchow, West Virginia Treasury Strategic Analyst and former Deputy Revenue Secretary.
