Hinton Railroad Days Chug Into 60th Anniversary

Alexia Neil
The Hinton News
HINTON, W.Va. (DayTripper) - Downtown Historic Hinton is gearing up for the 60th annual Hinton Railroad Days. Starting October 9th and running until the 11th, the festival spends three days celebrating the region’s deep connection to the railroad with music, food, and entertainment.

Hinton Railroad Days began in 1966 to honor the substantial impact the railway has on the community, which serves as a vital hub for the Chesapeake & Ohio Railroad and connects east and west railroad traffic seamlessly. Freight and coal trains pass through the train yard to this day.

With a generous line-up of live music, an annual car show, and plenty of vendors to while away your time, Railroad Days is a perfect opportunity to get out of the house and blow off some steam.

Dear Recycle Lady

Dear Recycle Lady, What is recycled water? I can't imagine reusing water! Interested

Dear Interested. Recycled water, also called reused or reclaimed water, is highly treated wastewater. The recycling process involves advanced treatment methods to remove harmful organisms and impurities in order to make it suitable for reuse. Water from sinks and showers, as well as industrial processes, domestic sewage and stormwater runoff can be treated and used for other purposes such as irrigation for agriculture, golf courses, landscapes, ground water replenishment, and even potable water supply. Recycled water that is to be used for drinking must meet all regulations required of water utilities. Water recycling is good for the natural environment as it reduces the demand for freshwater sources like rivers and lakes and can reduce water scarcity in drought-prone regions. According to <https://pollution.sustainability-directory.com>, it is a shift from a linear 'take-use-dispose' water model to a more circular and sustainable approach.

Dear Recycle Lady, What exactly is a carbon footprint?

Need Information

Dear Need Informa-

tion, According to nature.org, a carbon footprint is the total amount of greenhouse gases (including carbon dioxide (CO2) and methane (CH4)) that are generated by our actions and activities. Sometimes called the greenhouse footprint, your carbon footprint can be measured with a carbon footprint calculator. They can be found on several sites, such www.nature.org/en-us/get-involved/how-to-help/carbon-footprint-calculator. The average carbon footprint for someone living in the U.S. is 16 tons a year, which is one of the highest rates in the world. We can all lower our carbon footprint by making small changes in our lifestyle: walking short distances instead of driving, eating locally grown produce instead of produce that uses fuel to be brought in, and taking shorter showers which uses less hot water, thus less energy to heat the water.

Dear Recycle Lady, What is single stream recycling? Is it used at the Recycling Center in Ronceverte?

Puzzled Recycler

Dear Puzzled Recycler, Single stream recycling was introduced in the mid-1990s as a way to put all recyclables in a single bag, with no sorting re-

quired. In other words, all paper, metals, plastics, aluminum, cardboard, junk mail, and any other recyclable items were all put in the same bag and taken to a recycling center. Large cities have dedicated equipment that sorts all these recyclables and places them in the proper bins. However, the Recycling Center doesn't have this very expensive equipment or the number of employees necessary to sort mixed recyclables. Thus, any bags of mixed recyclables that are left at the Center are sent to the landfill.

Interesting Information – Ocean coral is not made up of rocks. It is made up of animals called coral polyps! These tiny animals make up the oceans coral reefs; a large underwater ecosystem. Often called "rainforests of the sea," these reefs support a huge variety of marine life and help protect coastlines from waves and storms.

Dear Abby

DEAR ABBY: I'm a senior woman who has been dating someone for three years. He is my age. I recently learned he has been cheating on me with a much younger woman with three kids. We are sexually active and enjoy each other very much, or at least I thought so. She knows about me.

Although he treats me well, I have found evidence that he's having sex with her intermittently. I have never cheated on him, and I dislike cheaters. He wants to marry me, but I told him when we first met I didn't want to remarry or live with anyone because I've been married twice, and so has he. I really care about this man, and I thought he loved me, but I don't think I can be with a cheater. Should I confront him or leave it alone? I know I'd miss him dearly, as we do everything together.

I also don't want to be alone at this time of my life. Please advise what I should do. -- **MONOGAMOUS IN LOS ANGELES**

DEAR MONOGAMOUS: You state that you told this man you do not want to remarry or live with him. You have a great relationship, but not once in your letter did you say that you love him. I see no reason why you shouldn't continue enjoying his companionship. Because the cheating bothers you, consider ending the sex and putting him in the friend zone. If you don't, be sure to get tested for sexually transmitted infections regularly.

DEAR ABBY: I am a 60-year-old male. In my first marriage, my ex had an affair, and during the last seven years of that marriage, we lived essentially separate lives. It was a lonely time for me. I have since remarried, and my new wife has a large family, including two sets of parents, four kids and 10 grandkids. My family is significantly smaller, with two kids and no grandkids.

The issue is that my love language is one-on-one quality time. I have asked my wife to set aside some time for us with no family interruptions. I have suggested date nights (a four-hour time slot two nights or afternoons a month) where we would not take calls or texts from family members. She has struggled to commit to this and instead told me I should "just let life happen." She has trouble turning her phone off and said I should trust her to make judgments about whether to take a call or text. I would like to know if my request is unreasonable and how else uninterrupted quality time can be achieved. -- **MISSOURI HIKER**

DEAR HIKER: You will never pry that phone out of your wife's hand. She has clearly shown you that her extended family is her top priority, so stop trying to take that away from her. On date nights, choose activities that will keep her busy and engaged. Keep the conversation flowing, and demonstrate that your full attention is on her. Most importantly, it is OK to insist on a "phones off" rule when things become intimate.

Peek into Summers County’s History: Greenbrier Springs aka Barger Springs

William Jones

Barger Springs is a little-known historic resort community located along the Big Bend of the Greenbrier River in Summers County, West Virginia. The area served several distinct purposes during its tenure as a mineral spring hub, starting with its pre-Civil War development as a stopping point for local hunters and trappers, and reaching its zenith from 1903 to 1929 as a highly successful commercial resort.

“Isaac Carden, the earliest documented owner of the property, ran a primitive pioneer set-up. He provided a double-log cabin, a hewn-log house, a regional store, and a row of log cabins to accommodate travelers. Ownership later passed to William H. Barger, Carden’s son-in-law, who built a permanent stone springhouse on the site in 1868. However, Barger utilized the land primarily for farming rather than commercial hospitality. Following

the disruptions of the Civil War era, the land remained quietly in the Barger family as farmland for roughly forty years.”

A major shift occurred in 1903 when a group of thirty investors, primarily hailing from nearby Hinton, purchased the property and formed the Greenbrier Springs Company. They divided the old farmland into lots to establish a hotel complex and individual vacation cottages. The crown jewel of this heyday was a 25-room, three-story frame hotel supplied with water from the adjacent river via a steam-powered water

pump reserve. The mineral spring water was heavily promoted for its unique healing properties—specifically targeting chronic kidney, liver, and digestive ailments—which spawned a successful commercial water-bottling operation.

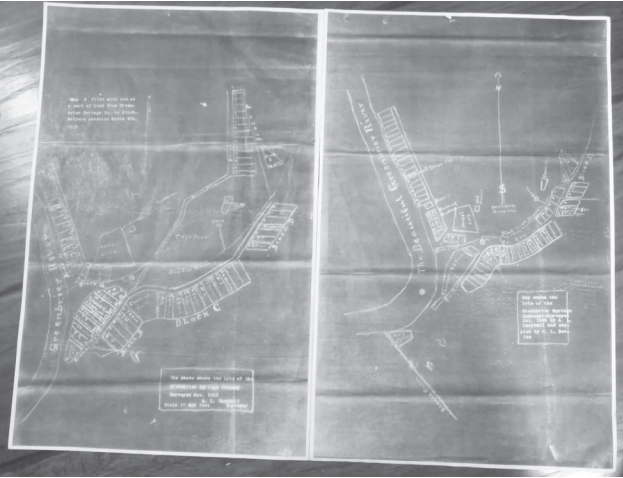

Judge James H. Miller, famous for writing the definitive 1908 volume History of Summers County, West Virginia: From the Earliest Settlement to the Present Time, was notably one of those original thirty investors.

Like virtually all small mineral resorts of the era, its ultimate demise was met by the economic

devastation of the Great Depression. Today, nearly all of the grand hotel complex is gone. However, several of the original cottages still stand along the main road, marked by the unique, historic Barger Springs stone walls running in front of them. As well as the orig-

inal spring house. Having rare pieces of this history in a private collection such as the 1905 and 1925 Greenbrier Springs Company survey maps, my friend and fellow Summers County historian Jimmy Costa gave me these copies just last week. Alongside the

two original store ledger books that I already had in my collection, is an incredible asset for preserving the county’s heritage. Aside from occasional vintage postcards, formal records of the “Greenbrier Springs” chapter of Barger Springs remain exceedingly rare.

The Hinton News

MERCER COUNTY- Pinnacle Rock State Park, nestled in Mercer County, West Virginia, is a unique park named after the considerable stone outcrop standing overhead. A formation created by countless years of erosion and a history of mountain folding, the area is a perfect example of how tectonic forces squeeze and fold the earth, resulting in higher regions. Now, this rock stands at 3,100 feet and shoulders the weight of many curious hikers.

The park is situated

on four hundred acres of protected land, featuring several miles worth of hiking trails, a fishing lake, and a stone staircase constructed to make the climb up Pinnacle Rock substantially easier--an important feature, considering rock

Have You Heard The Most Important News In The World?

Last week we looked at the conversion of the 3000 on Pentecost, the Samaritans, and the Ethiopian eunuch. Today we will be looking first in Acts 9:1-9 at Luke's account of Saul's (Paul) conversion. Then we will look at Paul's own account in Acts chapters 22 and 26.

(Acts 9:1-9) ¹ And Saul, yet breathing out threatenings and slaughter against the disciples of the Lord, went unto the high priest, ² And desired of him letters to Damascus to the synagogues, that if he found any of this way, whether they were men or women, he might bring them bound unto Jerusalem. ³ And as he journeyed, he came near Damascus: and suddenly there shined round about him a light from heaven: ⁴ And he fell to the earth, and heard a voice saying unto him, Saul, Saul, why persecutest thou me? ⁵ And he said, Who art thou, Lord? And the Lord said, I am Jesus whom thou persecutest: it is hard for thee to kick against the pricks. ⁶ And he trembling and astonished said, Lord, what wilt thou have me to do? And the Lord said unto him, Arise, and go into the city, and it shall be told thee what thou must do. ⁷ And the men which journeyed with him stood speechless, hearing a voice, but seeing no man. ⁸ And Saul arose from the earth; and when his eyes were opened, he saw no man: but they led him by the hand, and brought him into Damascus. ⁹ And he was three days without sight, and neither did eat nor drink.

(Acts 22:6-16) ⁶ And it came to pass, that, as I made my journey, and was come nigh unto Damascus about noon, suddenly there shone from heaven a great light round about me. ⁷ And I fell unto the ground, and heard a voice saying unto me, Saul, Saul, why persecutest thou me? ⁸ And I answered, Who art thou, Lord? And he said unto me, I am Jesus of Nazareth, whom thou persecutest. ⁹ And they that were with me saw indeed the light, and were afraid; but they heard not the voice of him that spake to me. ¹⁰ And I said, What shall I do, Lord? And the Lord said unto me, Arise, and go into Damascus; and there it shall be told thee of all things which are appointed for thee to do. ¹¹ And when I could not see for the glory of that light, being led by the hand of them that were with me, I came into Damascus. ¹² And one Ananias, a devout man according to the law, having a good report of all the Jews which dwelt there, ¹³ Came unto me, and stood, and said unto me, Brother Saul, receive thy sight. And the same hour I looked up upon him. ¹⁴ And he said, The God of our fathers hath chosen thee, that thou shouldest know his will, and see that Just One, and shouldest hear the voice of his mouth. ¹⁵ For thou shalt be his witness unto all men of what thou hast seen and heard. ¹⁶ And now why tarriest thou? arise, and be baptized, and wash away thy sins, calling on the name of the Lord.

(Acts 26:12-19) ¹² Whereupon as I went to Damascus with authority and commission from the chief priests, ¹³ At midday, O king, I saw in the way a light from heaven, above the brightness of the sun, shining round about me and them which journeyed with me. ¹⁴ And when we were all fallen to the earth, I heard a voice speaking unto me, and saying in the Hebrew tongue, Saul, Saul, why persecutest thou me? it is hard for thee to kick against the pricks. ¹⁵ And I said, Who art thou, Lord? And he said, I am Jesus whom thou persecutest. ¹⁶ But rise, and stand upon thy feet: for I have appeared unto thee for this purpose, to make thee a minister and a witness both of these things which thou hast seen, and of those things in the which I will appear unto thee; ¹⁷ Delivering thee from the people, and from the Gentiles, unto whom now I send thee, ¹⁸ To open their eyes, and to turn them from darkness to light, and from the power of Satan unto God, that they may receive forgiveness of sins, and inheritance among them which are sanctified by faith that is in me. ¹⁹ Whereupon, O king Agrippa, I was not disobedient unto the heavenly vision:

Next week we will look at the conversion of Cornelius and his household.

PUBLIC SERVICE COMMISSION OF WEST VIRGINIA CHARLESTON

CASE NO. 26-0704-G-390P
MOUNTAINEER GAS COMPANY
Infrastructure Replacement and Expansion Program
Filing for 2027

NOTICE OF FILING AND HEARING

On July 31, 2026, Mountaineer Gas Company (Mountaineer) filed its annual Application for approval of an Infrastructure Replacement and Expansion Program for 2027 (2027 IREP) with revised IREP rates for 2027, pursuant to **W.Va. Code** § 24-2-1k, which authorizes the Public Service Commission of West Virginia (Commission) to approve cost recovery of projects to replace, upgrade and expand natural gas utility infrastructure that are deemed to be just and reasonable and in the public interest.

In its Application, Mountaineer forecasts capital investment for calendar year 2027 of \$83,000,000 as part of its multi-year plan. The 2027 IREP covers several categories of plant asset replacements and improvements, including mains, service lines, measurement and regulator stations, and house regulators. These plant investments are proposed to be made in Mountaineer service territories throughout the State. These investments are identified in the Application, which is on file and available for public inspection at the Commission's offices at 201 Brooks Street, Charleston, West Virginia and which may be viewed on the Commission's website, www.psc.state.wv.us.

Mountaineer proposes to increase IREP revenues by approximately \$8,611,000 for IREP investments made from 2025 to 2027 through an increased IREP rate component to be effective on January 1, 2027, within the fixed or volumetric base rate component of its rates, depending on the applicable rate schedule under which service is rendered. Mountaineer projects that if the program and IREP rate increase are approved as requested, the average monthly bill for its various classes of customers will be changed on January 1, 2027 as shown below:

Mountaineer Gas Company - Proposed		
Type of Customer	\$ Increase	% Increase
Residential	\$ 2.40	2.79%
Commercial	\$ 6.56	1.96%
Large Commercial (*)	\$ 359.07	0.62%
Large Commercial – I (*)	\$ 454.84	0.22%
Industrial (*)	\$ 488.33	2.29%
Wholesale	\$ 78.66	0.84%
(*) Percentage increases for Large Commercial and Industrial customers assume transport customers purchase their natural gas at the same price as the Company's Purchased Gas Adjustment rate.		

The increases shown above are compared to the rates currently in place and are based on averages of all customers in the indicated class. Each class may receive an increase greater or less than stated here. Individual customers may receive an increase that is greater or less than average. Furthermore, the requested rates and charges are only a proposal and are subject to change (increase or decrease) by the Commission in its review of the filing. Any change in rates and charges will not become effective until authorized and approved by the Commission.

The Commission set a procedural schedule, including a hearing date on the Application that will begin at 9:30 a.m. on November 6, 2026, in the Howard M. Cunningham Hearing Room at the Commission's offices at 201 Brooks Street, Charleston, West Virginia. If no opposition to the Application is received by the Commission prior to the hearing date, the hearing may be waived and the Commission may issue a final order within 150 days of the Application filing date.

Anyone desiring to intervene should file a written petition to intervene within 10 days following the date of publication unless otherwise modified by Commission order. Interested in Joining Friends of the Library

As of August 30, last one was no exception. the Summers County Library had been in existence for 49 years!!!!

That’s 49 busy, productive, often challenging but mostly miraculously wonderful and rewarding years. The

etc. and so forth.

But still, something interesting, educational and entertaining is always going on in the Library! There have been craft workshops once a month for the last year, book discussion groups have met, children’s

programs took place as well as art shows, book sales, a monumentally successful golf tournament, and the state’s biggest liar, Bill Lepp, who came to tell stories. The list goes on.

Much of this would not have been possi-

ble without the help of the members of the Friends of the Library, the volunteer organization that provides critical help and support to the Library. You can join this busy, vibrant group by going to the Library’s webpage

at summerscountylibrary.org and clicking on the link at the top for Friends of the Library. If completing online, you will have the option to pay online after submitting. Cash, check, and cards are also accepted at the library.

Reach The Peak (Continued From Page 4)

climbing on the cliff face is strictly prohibited. The fishing lake, known formally as Jimmy Lewis Lake, is stocked with trout, bass, bluegill, and catfish for a fisherman's ideal hometown variety. A boat ramp, nearby picnic tables, and restroom access makes the area perfect for a family day out by the water.

There are eight designated trails at the state park, each one making up less than 2 miles. The trails are accessible for hikers and cyclists alike. Dogs are allowed on the trail, provided they're kept on a leash. The Overlook Trail is perhaps the most popular of the eight, as the gratifying view at Pinnacle Rock's peak is nothing short of rewarding. The trail is brief, a marginal 400ft walk, or 0.6 miles there and back. The observation deck at the top creates a safer viewing.

Pinnacle Rock State Park is the perfect place to visit this fall for short, meaningful hikes, laid-back evenings at the lake, or a new playground for the kids. Appropriate hiking attire is recommended. No camping or overnight options are available inside the park. The park is open daily from 6:00 A.M. to 10:00 P.M. It is located at 6407 Coal Heritage Rd., Bramwell, WV 24715. For more information call 304-425-9481 or email pinnaclerocksp@wv.gov.
